**Love, from a distance** Dec 01 2020 "If you were to record the heartbeats of different people, you'd see that no heart beats the same. And, no two minds think the same. No souls love the same, and no two people will feel exactly the same. Love is the same. It is that calm yet fiery, passionate yet gentle, and soothing yet painful emotion that we experience (at least) once in our lives. What we think of it, how we think of it, and who we think of when we think of 'love' is different for all of us. Love, from a Distance, then, is a collection of our shared lived experiences. Through several musings, poetry, and short stories, twenty-one writers have explored all that love means, and all that it shouldn't mean at best, its worst, or at its most vulnerable."

Alchemy of Change Jul 28 2020 Change is inevitable and usually painful. A spoonful of empathic leadership, a smattering of new tools and a few sachets of foundational values boil together to create organizational transformation. However, not all change efforts are successful. Alchemy of Change shows that value-based institutions, which evolve from the wisdom of the soil, can bring about

enduring change. Introducing the Indian Model of Change, which is based on Indian values of leadership, dialogue, mutual respect, and goal setting, the authors explain how the nuances and distinctions of the Indian mindset and cultural backdrop can help to keep pace with today's fast-changing world. Through real case studies and references from diverse literature, the book shows that change management cannot be treated as a mechanical exercise because change affects and is affected by human emotions, both at an individual and collective level. It is an insightful read for senior management and HR professionals, for all stakeholders who are entrusted with the task of facilitating or bringing about change in an organization, as well as students of change. For the general reader, the book can be a journey in self-awareness and growth.

*Computational Complexity* Apr 24 2020 New and classical results in computational complexity, including interactive proofs, PCP, derandomization, and quantum computation. Ideal for graduate students.

FEMINISM IN THE NOVELS OF JYOTI ARORA AND NAMITA GOKHALE Aug 21 2022

Securing Transactions and Payment Systems for M-Commerce Nov 24 2022 Mobile commerce, or M-commerce, is booming as many utilize their mobile devices to complete transactions ranging from personal shopping to managing and organizing business operations. The emergence of new technologies such as money sharing and transactional applications have revolutionized the way we do business. Wholeheartedly adopted by both the business world and consumers, mobile commerce has taken its seat at the head of the mobile app economy. Securing Transactions and Payment Systems for M-Commerce seeks to present, analyze, and illustrate the challenges and rewards of developing and

producing mobile commerce applications. It will also review the integral role M-commerce plays in global business. As consumers' perceptions are taken into account, the authors approach this burgeoning topic from all perspectives. This reference publication is a valuable resource for programmers, technology and content developers, students and instructors in the field of ICT, business professionals, and mobile app developers.

Recurrent Pregnancy Loss Feb 21 2020 This new edition is a comprehensive guide to recurrent

pregnancy loss for practising gynaecologists. Divided into ten sections, the book begins with a brief

overview of the topic, followed by discussion on the different causes of pregnancy loss – genetic,

endometrial, systemic, anatomical and infections. The next sections discuss management options, the

role of ultrasound, and failed pregnancy. The third edition has been fully revised and expanded to

bring clinicians fully up to date with the latest advances in the field. Newer treatment options are

covered in depth and the latest diagnostic recommendations from the RCOG (UK) as well as the

ACOG (US) are included. Authored by a team of internationally recognised experts, the text is enhanced by clinical photographs and diagrams, and features a comprehensive appendix section for further reference. Key points Fully revised, third edition presenting latest knowledge in recurrent pregnancy loss Covers newer treatment options and latest diagnostic recommendations from RCOG and ACOG Authored by internationally recognised team of experts Previous edition (9788184480061) published in 2007

*Second Wind by Minal Arora* Jun 19 2022 Second Wind is the breath that one draws after complete breathlessness once exhausted in a race...the race of life! When a relationship acquires the expression of possessiveness, the language of control and a ruthless selfishness, it's time to know that love has slipped away and what remains is dust. Dust when provoked only leaves a dirty mind. Unfortunate are those who trade their love for what it leaves behind. It's true that only a love filled heart can appreciate the benevolent skies of freedom and trust. Rest shall only reminiscence their humbled past. Rahul is one such melancholy heart which bleeds of regret for he has lost Maaya, his soulmate, to his choice of staying in his marriage, which now he cannot abide by. Second Wind is the journey that Rahul made in his incessant search for his lost love and how he slowly finds himself anew in the process. It is a tale of love, conflicts, love beyond marriage, choices, fears, ego and overcoming limitations to recognise the inherent wisdom within. We all have a Rahul within who craves to break the barriers of the mind, of morals, of right and wrong to embrace love that liberates, empowers and guides.
